<input type="checkbox"/> Other: _____							

MEDICAL ILLNESS POLICY

Your pet's well-being is our utmost concern. If your pet/s is/are not up to-date or you are unable to show proof of vaccinations, you must agree to your pet being updated while boarding here. Should your pet become ill while boarding, your pet will be given treatment as determined by the doctors at Ace Animal Hospital at the pet owner's expense. We will attempt to call the emergency number(s) listed above regarding your pet's condition. All pets exhibiting external parasites or offensive odor will be bathed or treated upon admission at the owner's expense. An initial health exam is required upon admission for all new pets. If no one can be reached, I authorize Ace Animal Hospital to perform whatever treatment the doctor(s) deem necessary until I can be contacted.
